

# Cool Things Are Coming!

## BRAND NEW

### Locker Rooms + Restrooms + Redesigned Lobby

*You spoke, we listened! Major improvements are coming to the Pavilion Recreation Complex. These renovations will affect the entire facility, requiring a temporary closure. These changes support the brand new ice surface and refrigeration package that was completed in 2016. Combined, they will make the Pavilion one of the Southeast's finest skating and multipurpose facilities.*

*We value all of our patrons. Staff will be scheduling meetings with each of the Pavilion's user groups to discuss the impact of the closure and answer any additional questions. Our goal is to provide enough advanced notice of the closure to allow users to make alternate arrangements.*
